

Cassia Tora meal is 100% Natural, Organic, Non GMO product for manufacturing for Cattle feeds, Animal feeds, Aqua Feeds, Horse feeds, Poultry Feeds Etc. It is Worldwide approved product. Cassia Tora meal is a by-product formed during processing of Cassia Tora seeds into Cassia Tora Splits. The extracted Cassia Tora meal is further processed by toasting at a high temperature to remove Trypsin Inhibitor, thus improving its nutritive value.

Cassia Tora Meal is rich in proteins and carbohydrates, and is a 100 percent natural agricultural product without the addition of any chemicals or preservatives. Processed Cassia Tora meal can be used either in conjunction with other feed stuffs or by itself, as it is a complete nutritional feed
